

Factual Information Summary for Promotion and Tenure

This document aims to present internal reviewers with a standard set of factual information relative to the candidate's activities during the review period. This document is for internal use only and shall not be shared with external reviewers.

Tab 1 includes key facts of the candidate's promotion and tenure case (Faculty Handbook 5.2.4.2.6). The narrative summary prepared by the candidate (Tab 2) articulates the specific context of the case and highlights the candidate's scholarly accomplishments, trajectory, and impact. The candidate has final responsibility for the accuracy of this document. The department chair reviews this document, corrects any errors in consultation with the candidate, and documents when they accept the finalized document. After the document is finalized, it is submitted to the department committee. Any significant additions or updates are communicated by the candidate via a late developed information memo.
